To Whom It May Concern:

This letter is to confirm that our company – Bernard Schulte Shipmanagement, uses the epoxy Repair Kits of Chester Molecular. The products have been found as the time- and cost-saving way of repair and are of very high quality.

The user-friendly manual makes that the Chester Molecular Repair Kit can be used by the ship's crew without additional advice.

Moreover we are very satisfied with the smooth world-wide delivery and attractive price. Hereby we confirm we continue supplying our vessels with Chester Molecular epoxy products. We recommend these products to the other shipmanagements.
