

PRODUCT DESCRIPTION

Chain oil F-15 is an lubricant, made on synthetic and minerals oils. It contains corrosive inhibitor, antioxidant and adhesion addition. F-15 protects from rust. Perfect adjacent to lubricated surface. Very good chemical stability. It's immune for water (salty also). Do not contains silicon oils, acids and resins.

TYPICAL USES

F-15 is designed to assembly screw joint in high temperature and to lubricate the slow-running machines.

Recommended to lubricant:

- Chains
- Steel rope
- Guides
- Opened transmissions
- Hinges
- Garden equipment

PRODUCT PROPERTIES

Physical form	liquid
Colour	light yellow
Density	0.76 g/cm ³
Dynamic viscosity (20°C)	960 mPa s
Max. working temp.	180 °C
(temporarily)	200 °C
Min. working temp.	-30 °C
Dropping point	180 °C
Autoignition temp.	240 °C
Corrosion test of copper surface, 24h in 100 °C (ASTM D130)	1

OTHER INFORMATION**Storage**

The product should be stored in the original packaging.

The storage life of the product amounts to 36 months.

Application

Product should be applied as aerosol (form of fog)
